

CLERK: Mr. President, 332 is on Select File. I have Enrollment and Review amendments, first of all, Senator.

SPEAKER BAACK: Senator Hohenstein.

SENATOR HOHENSTEIN: (Microphone not activated) ...to LB 332.

SPEAKER BAACK: You've heard the motion to adopt the E & R amendments to LB 332. All those in favor say aye. Opposed no. They are adopted.

CLERK: Mr. President, the first amendment I have to the bill is by Senator Beutler. Senator Beutler's amendment is on page 736 of the Journal.

SPEAKER BAACK: Senator Beutler.

SENATOR BEUTLER: Mr. Speaker, I would withdraw the amendment.

SPEAKER BAACK: It is withdrawn.

CLERK: Mr. President, the next amendment I have is by Senator Haberman. Senator, AM890. It's in the Journal on page 1091.

SENATOR HABERMAN: Mr. President, members of the body,...

SPEAKER BAACK: Senator Haberman.

SENATOR HABERMAN: ...on your desk you will find a copy of this amendment. You also will find copies of letters of support. This amendment addresses some of the concerns raised by Senator Schellpeper, Hartnett, Beutler and Hall. I have removed the requirement that kegs be marked with a black light pencil and identified through a black light. First, the Liquor Control Commission will decide what type of identification to use. I don't think that this body could agree or have the expertise to come up with some sort of identification, we'll leave it up to the Liquor Commission. This is their expertise. One method that's currently being used is the State of Washington, it's a booklet that contains an original sheet and one carbon. I have one of those books, if you'd like to see it. According to the Fiscal Office, this is going to cost \$7,386 in General Funds, and there will be an A bill later to come along for that. We are allowing the commission to establish a price for the licensee to purchase the labels to recover all of their costs,
